

Demolition & Civil Engineering

Technical, engineer led structural projects, combining traditional demolition skills with enabling, civil engineering and structural formwork expertise. Specialist services include Concrete Cutting, Asbestos Removal, Pre-Construction Advice and Temporary Works, for the delivery of multi-dimensional projects nationwide.

John F Hunt

RED

Honesty, integrity and hard work combined with the drive and passion of an established and dynamic construction business.

RED Construction Group offers expertise and knowledge on both new build and refurbishment schemes. Our focus is on projects between £5m and £30m across the South East of England, with a particular emphasis on Central London. Openness is important to us both as a business and as individuals. This enables us to foresee and mitigate problems quickly. Simplicity is key when it comes to communication with clients and our design and construction teams. We aim to keep all of our processes clear and focused purely on the delivery of a good project.

MAKE ONE
GROUP

makeonegroup.com

Formed in 2004, Make One London has since tripled in size and established an enviable track record in new build, refurbishment and fit out in both the residential and commercial sectors.

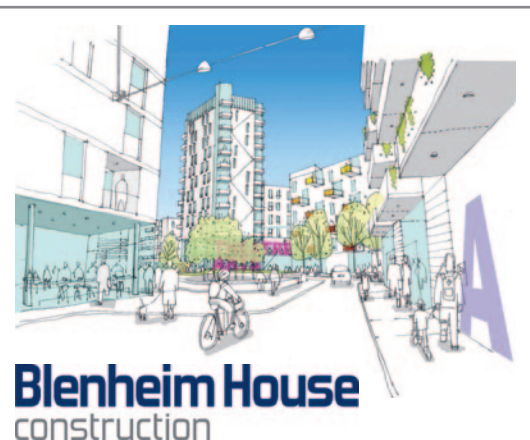

In 2019, Make One Construct was formed to focus specifically on new build and refurbishment contracting, allowing Make One London to refocus on Listed Building refurbishment and Prime Residential projects.

Our philosophy is to "find a way or Make One"; whether that is proposing a design solution or temporary works solution – or overcoming a seemingly impossible logistical challenge.

COMMITTED TO
HEALTH, SAFETY,
WELLBEING
AND ENVIRONMENT

**Keltbray is a
construction engineering
and infrastructure
services group**

Our purpose is to redefine the way
sustainable development is delivered.

Based on our collective experience, we
collaborate at the earliest stage to design
and self-deliver innovative customer
solutions across technically demanding built
environment and infrastructure sectors.

Working in partnership with our
stakeholders, we are actively contributing to
economic growth, social advancement and
environmental protection.

**A FRESH
PERSPECTIVE
ON BUILDING**

Gilbert-Ash is an award-winning UK
construction, refurbishment and fit-out
contractor. At Gilbert-Ash we take a
holistic approach to construction,
viewing each building as a single entity,
rather than an assembly of packages.
What makes us different? We
treat each building as one of a kind
and we really 'live' each project with
our clients, because we believe great
teams create great buildings.
